

TRA 150 POLYETHYLENE (PE) FILM

DESCRIPTION

TRA 150 is a monolayer polyethylene (PE) film designed specifically for use in handling, storage, transportation and compounding of dry pharmaceutical ingredients. It offers excellent clarity and handling properties and is available in multiple formats including single wound sheeting, continuous tube on a roll, perforated bags on a roll or individually cut bags in a case.

REGULATORY

This product is manufactured with materials that comply with the U.S. Food and Drug Administration's food additive regulation at 21 CFR177.1520(c), paragraph 3.2a and EU 10/2011 and its amendments for food contact.

This product is constructed with EP <3.1.3>- and USP <661.1>-compliant materials.
