

REAL PEEL®

LOCK IN SAFETY AND EXTEND SHELF-LIFE WITH A SUPERIOR, LEAK-PROOF BARRIER

Real Peel® is a one piece, easy-open, tamper-evident pull tab laminate designed for induction sealing cap liners. This robust, multi-layer structure provides a clean peel and hermetic seal to HDPE, PET and PP containers. Transcendia provides a broad portfolio of FDA-compliant film types custom converted to your specifications, along with unparalleled expertise, technical support, fast order fulfillment and low minimum order quantities. Inventory stocking programs are available from facilities throughout the United States and Canada.

BENEFITS & FEATURES—CONSUMERS

- Universal heat seal offers induction seals to PP, PE and PET containers
- Easy-open and easy-to-grip pull tab laminate
- Exceptional moisture and gas barrier extends product shelf-life
- Available with decorative tabs and custom printed logos to enhance content's brand identity
- Meets FDA, AIB, ISO and GMP standards

BENEFITS & FEATURES—CAP MANUFACTURERS

- Proprietary process eliminates tab/sealant delamination
- No foam construction provides excellent die cutting characteristics reducing reject/scrap
- Compatible with existing liner insertion and standard induction equipment, designed for a broad sealing operating window to provide easy integration into existing processes

PERFECT FOR:

Nutraceuticals
Food/Beverages
